DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 8, 12, and 17, the prior art and Labonte et al (US Patent No 6073257) and Hakkinen (US Patent No 5839056) and Muller (US patent No 6490461 B1) and Lundborg (US Patent No 6782262 B1) either alone or in combination failed to teach a method in a communication system for estimating a network indicator of a communication path between a first station and a second station comprising: determining at the first station a second indicator of the communication path in a direction from the second station to the first station, said second indicator associating with a corresponding feature of the communication path than said first indicator; determining at the second station a third indicator of the communication path in the direction from the first station to the second station; and estimating the network indicator of the communication path in the direction from the second station to the first station based on the determined first, second and third indicators, said network indicator associating with a corresponding feature of the communication path than said third indicator.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marceau Milord whose telephone number is 703-306-3023. The examiner can normally be reached on Monday-Thursday.
